

NFL POWER POLL DAVE BURNS

WEEK 3

Rank	Team	Comment
1	Steelers	Bengals always do a good job against A. Brown but Steelers too good
2	Patriots	Brissett the starter, Edelman the backup. Bill Belichick is a mad scientist.
3	Cardinals	Keep telling them how bad they are BA.
4	Broncos	Are they better than a year ago? Perhaps.
5	Panthers	Like the Cardinals, restored order. Now quit complaining about the Broncos game.
6	Vikings	That defense ate Aaron Rodgers lunch. We've never seen Sam Bradford with this much talent around him.
7	Packers	Not going to overreact to a loss on the road to Minnesota.
8	Texans	Texans defense is a monster and Brock is just good enough. Hopkins/Fuller combo is excellent.
9	Bengals	They're good. But the Steelers are simply better.
10	Seahawks	Does Seattle need to sit Russell Wilson to heal that ankle?
11	Giants	Giants defense appears to be money well spent. Now about that offense...
12	Chiefs	Alex Smith having JJ Watt nightmares.
13	Jets	Revis Island sounds more like a tropical destination than something to be feared.
14	Eagles	Hearing Steve Young rave about Wentz convinced me to put them this high.
15	Ravens	Wins against the Bills and Browns. Not impressed but for now they're here.
16	Cowboys	Jerry compares Dak to Romo, Aikman, Brady and Big Ben. Forget the Superbowl, they're the hyperbole champs.
17	Chargers	Too many injuries. Phillip Rivers is running out of bodies
18	Falcons	Carved up the Raiders defense but let's be honest, you don't need a very sharp knife.
19	Raiders	Back to back games allowing 500+ yards. No bueno.
20	Lions	For the first time in a while Stafford struggles
21	Bucs	Dirk always did struggle against the ranked teams (2-19 at ASU)
22	Colts	Andrew Luck is going to be counting his money from a hospital bed at this rate.
23	Titans	Good road win for a young QB
24	Saints	Didn't think Brees was capable of being that mediocre
25	Jags	Starting to wonder if I missed on this team.
26	Dolphins	Defense that was so tough vs Seattle gets carved up by Patriots backup
27	Washington	Could be 0-3 if they lose to the Giants this week.
28	Rams	One of the few teams in the league that would be happy to schedule Seattle every week
29	Bears	A once proud organization has become virtually unwatchable.
30	Bills	The offensive coordinator is canned and the team is told without the head coach present. Yeah, that's healthy.
31	49ers	Blaine Gabbert is not the answer
32	Browns	Didn't want Carson Wentz and now Cody Kessler is the starter. When does basketball season start?
