

NFL POWER RANKINGS

ADAM GREEN

WEEK 2

Rank	Team	Comment
1	Steelers	Their offense looks unstoppable. Pair of nice wins to start the season.
2	Patriots	Can they win with Brissett? No one thought they could with Garoppolo.
3	Cardinals	Looked more like themselves in win over Bucs, though they think they can be even better.
4	Vikings	That defense is outstanding. Can they continue to get enough offense to make it count?
5	Panthers	Cam is still Cam, but their defense has been a bit underwhelming. Missing Norman?
6	Bengals	Tough loss to Steelers does not mean this team isn't any good, because it is very good.
7	Packers	Big drop for my former No. 1, but to be fair they haven't looked great in either of first two games.
8	Broncos	I still doubt their offense, but wow is that defense good. Is it enough to make a run?
9	Texans	I still have a tough time buying in, but the defense is good so if offense has improved...
10	Ravens	Not my favorite of the 2-0 teams, but also not the least impressive in my eyes.
11	Giants	Do I believe in this team? Not at all. But they are 2-0 so you have to give some credit.
12	Seahawks	In a free fall on my board. Offensive line is an issue -- actually, concept of offense is.
13	Cowboys	Prescott has been impressive to the point where I can see team winning many games with him.
14	Chiefs	This is a pretty good team that is about to get its best offensive weapon back in Jamaal Charles.
15	Raiders	Shouldn't be losing to teams like Atlanta, though nobody's perfect.
16	Buccaneers	Ran into a buzzsaw in Arizona, but team is clearly talented.
17	Eagles	How can I put a 2-0 team this low? Well, look at who they've beaten (hint: they are at bottom of my rankings)
18	Jets	Lost to a really good team and beat a really bad one. So, what are they?
19	Chargers	Good win over Chiefs, but this team's best players are dropping like flies.
20	Rams	Follow up a shutout loss to the Niners with a home win over the Seahawks, because why not.
21	Dolphins	Tough first couple of games for a team that is probably better than this ranking.
22	Falcons	If Matt Ryan can do what he did against Oakland every week, this team will win a few games.
23	Titans	Nice comeback win over the Lions, I guess.
24	Colts	Are they really going to waste Andrew Luck's career?
25	Lions	Ugh.
26	Jaguars	I really want this team to be good, but at some point they have to give a reason to believe they are.
27	Saints	This team has been slowly getting worse over the years, and may be bottoming out now.
28	Redskins	Never really bought into this team last season and this year they are proving me right.
29	Bills	Kind of feel like this team should be better, but then I remember who their head coach is.
30	49ers	Followed up big Week 1 win with moderately competitive loss to Carolina. Not bad?
31	Bears	I am the Jay Cutler fan, but this team looks really, really, really bad.
32	Browns	The 2012 Cardinals feel bad for the QB situation this team is enduring.
