

# NFL POWER RANKINGS

Week 9 Dave Burns

RANK	TEAM	COMMENT
1	Eagles	Addition of Jay Ajayi might put them over the top.
2	Patriots	Patriots fine tuning things now that it's November. Typical.
3	Chiefs	Broncos handed them the game with all those turnovers.
4	Seahawks	Get a LT and the defense compliments the offense for their performance. Bad week to hate Hawks.
5	Steelers	Ju-Ju has a little Ju-Ju
6	Vikings	Defense dominates. Is Keenum enough at QB?
7	Rams	Rams and the Seahawks battling it out for NFC West supremacy.
8	Cowboys	In this will-zeke-play-won't-he world, not playing means they drop.
9	Texans	Watson the talk of the NFL despite the loss.
10	Saints	Still not sure I trust it but a five game win streak puts you this high.
11	Bills	Force a bunch of turnovers. Always a good recipe for wins.
12	Jags	Might be a good QB away from being a really good football team.
13	Falcons	Survived the muck and the Jets. Not overly impressed.
14	Panthers	Uneven game but enough against a bad Bucs team.
15	Lions	In a league filled with parity I can't think of a better team to put in the middle than the Lions.
16	Redskins	Despite four losses I still think they're a decent football team. Lost to pretty good teams.
17	Packers	Only moved them up because of the bye. Still think they're due for a fall.
18	Broncos	QB change in Denver perhaps?
19	Titans	Falling behind in the South with surging Jags and Texans?
20	Bengals	More for Joe Mixon to complain about
21	Raiders	Sloppy football team that has lost last season's mojo.
22	Chargers	Rivers 0-7 vs. Brady in his career. Figures.
23	Ravens	Responded to their QB getting knocked out, can they play like that all the time?
24	Bucs	Hot seat for Dirk?
25	Dolphins	Humiliated on Thursday night and just traded Ajayi. Rough week.
26	Bears	Trubisky showing some flashes. Long way to go.
27	Cards	No mystery here. Lose this week and they're done.
28	Jets	Scored an opening TD in three straight games. Lost all three. That's so Jets.
29	Colts	No reason for Luck to come back.
30	Giants	Mercifully a bye week.
31	49ers	Bold move to get potential QB of future
32	Browns	Watson and Wentz make it look like the Browns don't know what they're doing. Wait.....
