

NFL POWER RANKINGS

Week 16 Dave Burns

RANK	TEAM	COMMENT
1	Patriots	A catch or not a catch? That is the question.
2	Steelers	The catch rule is silly but that doesn't change how badly Ben screwed that up at the end.
3	Vikings	Still having a hard time wrapping my mind that Case Keenum is doing this.
4	Eagles	Can Foles keep their hopes alive? Sure looked like it Sunday.
5	Rams	Shouldn't think this since they are NFC West rival of Cards but they are fun to watch.
6	Panthers	Scary team in January.
7	Saints	Had to grind it out vs. the Jets
8	Falcons	This offense still nowhere as good as last year.
9	Jags	Since the loss to the Cardinals, Bortles has been on fire.
10	Chiefs	Big gainer this week in the poll. Offense found itself Saturday.
11	Ravens	A season high in yards three straight weeks for Flacco.
12	Seahawks	Watching them miss the playoffs would be a pleasure.
13	Packers	Probably the last we'll see of Rodgers this year.
14	Chargers	Big setback vs. Chiefs, running out of time to fix it.
15	Cowboys	A folded index card away from being lower on this list.
16	Lions	Matthew Stafford is as tough as they come.
17	Bills	Tyrod Taylor will be an intriguing figure this offseason.
18	Titans	Still have the Rams and the Jags but both at home. Fading fast.
19	Raiders	A folded index card away from being higher on this list.
20	Dolphins	They way they played vs. the Patriots was a flash in the pan.
21	Redskins	Had no business winning that game.
22	49ers	A whole bunch of GM's have to explain to their owners why they didn't trade for Jimmy G.
23	Cardinals	Time for a change at QB, glad that BA and crew recognized that.
24	Broncos	One of the Cardinals chief competitors for an offseason QB.
25	Jets	This team continues to play hard for Todd Bowles
26	Bengals	The end of an era and probably about time for Marvin Lewis.
27	Texans	Could be a candidate for a quick turnaround with return of Watson next year.
28	Bucs	Will Gruden be back calling plays for real sometime soon?
29	Bears	Fox will likely be one of the first casualties
30	Colts	Pagano counting down the days. Will he join the Cards staff in some capacity?
31	Giants	Blew a 20-7 lead vs. the Eagles, full reboot coming.
32	Browns	They do have quite a few assets at their disposal to turn this around.
